The Activities-specific Balance Confidence (ABC) Scale*

Instructions to Participants:

0%

10

20

30

40

50

For each of the following, please indicate your level of confidence in doing the activity without losing your balance or becoming unsteady from choosing one of the percentage points on the scale form 0% to 100%. If you do not currently do the activity in question, try and imagine how confident you would be if you had to do the activity. If you normally use a walking aid to do the activity or hold onto someone, rate your confidence as it you were using these supports. If you have any questions about answering any of these items, please ask the administrator.

The Activities-specific Balance Confidence (ABC) Scale*

For <u>each</u> of the following activities, please indicate your level of self-confidence by choosing a corresponding number from the following rating scale:

60

70

80

90

100%

no confidence	completely confident
"How confident are you that you wi	ll <u>not</u> lose your balance or become
unsteady when you	
1walk around the house?	
2walk up or down stairs?	
3bend over and pick up a slippe	er from the front of a closet floor%
4reach for a small can off a she	elf at eye level?%
5stand on your tiptoes and reac	h for something above your head?%
6stand on a chair and reach for	
7sweep the floor?%	S
8walk outside the house to a ca	r parked in the driveway? %
